ABOUT THE OWNERS SHARI and DAVID KAY:

Organize and Redesign was born of Shari's love for all things design and organization. With over 30 years of experience moving, organizing, decorating, and redesigning for friends and family, she is excited to put her skills and talents to work professionally.

Having previous experience working in Human Resources, Shari understands how important it is to provide confidential, non-judgmental service. She appreciates the confidence and trust clients place in her and takes this responsibility seriously.

Shari holds professional certifications in:

ORGANIZATION
CLOSET ORGANIZATION
HOME REDESIGN
INTERIOR DESIGN
HOME STAGING

Shari is also a certified member of several Local, National, and International Professional Associations

David Kay is a successful businessman with more than 25 years' experience in the international world of banking, finance and import/export markets. He has recently branched out into the security field as C.E.O. of a local start-up company. In addition to being part owner of Organize and Redesign, he is part owner of Protektiv Products, a local company he started several years ago.

David and Shari have spent many years remodeling or redesigning not only their own homes, but for friends and family members as well. They have also enjoyed buying and remodeling homes to sell. Born and raised in Salt Lake City, the couple returned home to Utah in 2011 from over a decade living in Europe. Their time spent abroad exposed them to many differing cultures and ways of life, all of which had a strong influence on their sense of style and design. To every job and each client, Shari and David bring with them a wealth of experience, knowledge, and a love for what they do!
